

THREATENS LIFE OF REV. A. A. GRANT

TOLD TO DISCONTINUE FIGHT ON THE SALOONS.

The Threatening Letter Is Taken As a Veiled Threat By the Ripon Clergyman—J. Nelson, A Green Bay Soldier Dies of Typhoid—State News.

Ripon, Wis., March 2.—In a letter just received by the Rev. A. A. Grant, a Methodist clergyman of this city, threats are made against him if he continues his fight against the saloons of this city. The letter, it is presumed, is the outgrowth of the recent attempts of the clergyman to have two saloon licenses annulled, in both of which cases Mr. Grant was complainant, though not a chief witness. The letter, bearing a Ripon date line and signed "Citizen," is as follows:

Rev. Grant: Just a few lines to let you know you are treading on dangerous ground. Your persistent efforts to fight the liquor traffic are becoming monotonous to the majority of the citizens of this city and if you are not aware of that fact, you will find it out before long.

It ought to be beneath your dignity to stoop so low as you have to entrap the unwary. You have only to look to your brother minister who occupied the same pulpit as you do to know what the consequences may be to you. "Who knows what a day may bring forth?" Therefore, as a friend would advise you to be careful and not endanger your very existence to satisfy a selfish whim, which you seem to possess; for in so doing you are certainly making more enemies than friends, and if anything should befall you few will regret it. But if you fight the evil in a manly way, you will have the support of your friends and the respect of many who run the saloon business, but not by your present course. Therefore, take a friend's advice and change your plans before it is too late, for your enemies are united and mean business.

The "brother minister" referred to in the letter is the late Rev. George C. Haddock, of Sioux City, Ia., formerly Methodist pastor here, and mortally wounded some years ago at Sioux City.

The common council has not as yet rendered a decision in the Reek case tried last week. By a vote of four to three, with one absentee, it has decided to refer the evidence in full to legal authority for an opinion as to what should be done in the matter.

Waukesha News Notes.

Waukesha, March 2.—At the meeting of the Tuesday evening Whist club at the home of Mr. and Mrs. H. M. Youmans, the highest score east and west was made by Mrs. Greengo and Mr. Taylor. North and south the highest was made by Mrs. Carlton and Mr. Smith.

Last evening Postmaster T. E. Ryan entertained the employees of the postoffice at his home, prior to his relinquishing the office. The same company will be entertained tonight by Mr. James, who expects to soon assume the post-office duties.

Died on His Way to Manila.

Green Bay, Wis., March 2.—News was received here yesterday announcing the death from typhoid fever at Honolulu on Feb. 7, of J. Nelson, of this city, a member of the Twentieth United States infantry. Edward Nelson, a brother, received a letter from Surgeon Wood in forming him of the death of his brother in the hospital at Honolulu on his way to Manila.

Mr. Nelson, who was 23 years of age, had before his enlistment which took place in this city on Dec. 20 last, been employed in the cabinet room of the Theodore Kemnitz Furniture company. His parents reside in Pine Grove and he has two brothers in this city.

Racine Police Charges.

Racine, Wis., March 2.—Last night Mayor Graham, City Attorney Heck and Chief of Police Johnson, with the Police committee, met to consider the scandal in the police department. It was decided that no written charges or complaint had been made, and that the committee had no power to act. The city attorney held that if the city council found that charges made against the officer were true, the officer could be suspended. He further said that the Fire and Police commission, since the first day of last September, had no power to try, hear and determine any case against an officer. There is no doubt that the case in question will now be dropped.

Divorce for Mrs. King.

Juneau, Wis., March 2.—Mrs. Adelaide King, publisher of the Waupun Times, was granted a divorce from Edward Morton King on the ground of desertion. She was given custody of the daughter. The husband is required to pay \$100 annually toward the support of the child.

New Asylum for Trempealeau.

Whitehall, Wis., March 2.—The Board of Supervisors appointed a committee of seven members to purchase a site and proceed to build and equip an insane asylum and county poor house and farm. The committee is authorized to borrow \$50,000 from the trust funds of the state.

Formerly A Kenosha Pastor.

Kenosha, Wis., March 2.—The Rev. Floyd W. Tomkins, who has been called to the church of the Holy Trinity in Philadelphia, was formerly rector of St. Matthew's Episcopal church in this

LANDING OF WOMEN REFUSED BY OTIS

ALL QUIET AT THE FRONT TODAY.

A Spanish Newspaper Was Suppressed Because It Published a Story That One Thousand Americans Had Been Taken Prisoners.

Manila, March 2.—[Special]—All is quiet at the front today. Gen. Otis refuses to allow the women who arrived on the Morgan City today, to land. A Spanish newspaper was suppressed because it published a story that one thousand of the Americans had been taken prisoners by the rebels.

Manila, March 2.—The rebels are very active at Calocan and Malabon. They evidently intend to mount a battery in front of the Malabon church, destroyed by the fire of the United States monitor Monadnock February 27. They can be seen throwing up earthworks for guns and emplacements.

Getting Warships Ready.

Washington, March 2.—The Monterey left Manila a fortnight ago to go into dry dock at Hong Kong, where her bottom has been scraped and the large accumulation of barnacles, especially troublesome in tropical waters, has been removed. She will rejoin the fleet in the Philippines in perhaps two days. The Baltimore will take her place in the dry dock for the regular scraping, and will be back with the rest of the fleet probably within a week. The gunboat, Castine is working her way to join Admiral Dewey. She left her first station at Havana at the outbreak of hostilities between our forces and the Filipinos, and as her speed is naturally comparatively slow it may be a month before she will re-enforce the fleet at Manila.

Hot Fire on the Insurgents.

Manila, March 2.—The tin-clad Laguna de Bay steamed up the river opposite Matí Wednesday and opened fire on the insurgents on the opposite side of the river from Gen. Wheaton's brigade. She fired her four Gatlings, two Nordenfeldts and one-pounder. At first the insurgents replied with rifle fire, but they could not stand before the hail from the Gatlings. The engagement lasted three-quarters of an hour, and then the insurgents scattered, but as soon as the tin-clad withdrew the insurgents returned and again opened a slow and annoying fire across the river.

Rebels Gave No Trouble.

Manila, March 2.—It was unusually quiet along the whole line last night, only a few shots being fired from a rebel field gun near the cemetery. The enemy is apparently busy preparing its defenses, realizing that the Americans will attack them when the expected reinforcements arrive.

It is reported that Aguinaldo will only release the Spanish clerical prisoners upon condition that all landed and other property that they own shall be transferred to the rebels, and also that the native priests shall be recognized.

600 American Prisoners.

London, March 2.—The Filipino European junta has received the following dispatch from Manila, dated Feb. 28: "The last encounters have been real battles. We now hold Pasig, Paternos, and Guadalupe. Our northern line had advanced to Tonda. The American losses are far larger in proportion than ours. We hold 600 American prisoners, who will be taken into the interior. Not one of our people have surrendered, and our government maintains its independence and will not yield."

CONDITION OF THE AFFLICTED.

Hon. Fenner Kimball Was Failing Fast This Afternoon.

At a late hour this afternoon, Hon. Fenner Kimball was still alive but sinking fast. The attending physicians say that his chances for recovery are slim.

Mrs. Fred S. Sheldon at 4 o'clock this afternoon was in a serious condition. During the day she showed slight improvement. Dr. J. F. Pember, the attending physician, stated late this afternoon that her chances for recovery were slight.

Edward Connell, who resides on St. Mary's avenue, is dangerously ill as the result of pneumonia.

Mary Murray, who was so badly burned Tuesday evening at the home of H. H. Bliss, was alive at a late hour this afternoon, but failing fast.

MURDER AND SUICIDE

Owing to Poverty, a Paris Woman Takes the Life of Her Three Children and Suicides.

Paris, March 2.—[Special]—The wife of a workman named Pierrie yesterday committed suicide, at the same time killing her three children, on account of poverty. The means for suicide was charcoal fumes.

MEASURE AGREED TO BY THE SENATE

BILL TO REIMBURSE THE GOVERNORS.

To Meet the Expenses of Equipping Volunteers in the Late War—Failure of Spain to Ratify the Peace Treaty Is Causing No Alarm.

Washington, March 2.—[Special]—The senate today agreed to the bill to reimburse the governors of the states for the equipping of the volunteers in the recent war with Spain.

Washington, March 2.—[Special]—The event of the possible failure of the Spanish cortes to ratify the peace treaty, is causing no uneasiness here. The administration officials say that the cortes has no voice in the matter. Their failure to exchange a ratification will cause a failure of the treaty, and Spain will lose twenty million dollars, which she would otherwise get, while it would not seriously change the national status of former Spanish possessions, because American possession is now universally recognized.

Washington, March 2.—[Special]—The democrat here are discussing with considerable interest the reported scheme to sidetrack Bryan; that is to be placed under full headway immediately after the adjournment of congress. The story goes that a conference is to be held in New York by Messrs. Gorman, Whitney, Croker, Carter Harrison, Flower, and probably Cleveland. Mr. Croker is said to favor Gorman for the presidential nomination if the Anti-Bryan faction controls the convention.

Washington, March 2.—The senate bill for the reorganization of the army was passed by the house Wednesday afternoon by a vote of 203 to 32. No attempt was made to amend the bill, and it was discussed but a few minutes. It enables the president to have a regular standing army of 35,000 and an additional force of 35,000, but these forces must be reduced to the old peace footing of 27,000 by July 1, 1901. The president will thus have an army large enough to cope with all problems at home and in distant isles, so far as they can now be foreseen.

In the house Mr. Mahon (rep., Pa.), chairman of the committee on war claims, presented the conference report upon the bill to pay certain judgments of the court of claims under the Bowman and Tucker acts. The senate placed upon it what is known as the omnibus claims bill, increasing it to \$3,000,000. The conference report reduced the total carried by the bill to \$3,100,000. The report was adopted—149 to 87.

The conference report upon the Indianapolis public building bill was adopted, and also the conference report upon the naval personnel bill.

NAVAL BILL IS PASSED.

Senate Cuts Down the Price to Be Paid for Armor Plate.

Washington, March 2.—The senate is rapidly clearing its desks for final adjournment. The naval appropriation bill, which ordinarily consumes the time of the senate for several days, was passed Wednesday after less than five hours of debate. In that time, however, it was amended radically in one respect. The price to be paid by the government for armor plate was fixed in the bill at \$300 a ton, a reduction of the amount fixed by the house of \$145 a ton.

In addition the secretary of the navy was authorized, in the event of the refusal of the armor-plate companies to supply armor at \$300 a ton, to proceed to the construction of an armor factory to cost \$1,500,000, and placing in the secretary's control \$2,000,000 with which to operate the government plant.

The senate adopted resolutions of regret at the death of Lord Herschell, and concluded the day's session by pronouncing eulogies upon the late Representative Dingley.

During consideration of the naval appropriation bill the amendments of the committee were acted upon as the measure was read. An amendment was agreed to authorizing the secretary of the navy to contract for two submarine boats of the Holland type at a cost not to exceed \$135,000 each.

Deadlock on Nicaragua Canal.

Washington, March 2.—After a conference-to-day the conferees in charge of the rivers and harbors bill had not reached an agreement. Fairly good progress was made so far as relates to the river and harbor work, and few changes were made. It is believed the Illinois items are still unchanged. The Nicaragua canal proposition was not reached, and until it is nothing can be said as to the fate of the measure. One thing is certain, however, the senate conferees will not yield on the canal proposition, and rather than have that portion of the bill stricken out they will hold out for their amendments and kill the bill.

Honors for Dewey.

Washington, March 2.—In the house Wednesday, on motion of Representative Boutelle of Maine, the senate bill creating the office of admiral of the navy was agreed to and passed without debate. The bill was presented for the purpose of enabling the president to promote Rear Admiral Dewey, and had passed the senate unanimously. It is expected that Dewey's ap-

HIS RESIGNATION CAUSES A STRAIN

SAGASTA'S RESIGNATION OF THE MINISTRY.

As the Union of the Label Groups in Parliament Appears Hopeless, the Queen Regent Holds Conference Relative Formation of Conservative Cabinet.

Madrid, March 2.—[Special]—The political strain here, caused by the resignation of the ministry, by Sagasta, continues. As the union of the label groups in parliament appears hopeless, the queen regent is today conferring with Generals Campos and Azzaraga relative to the formation of a conservative cabinet.

Express Train Is Derailed.

Corinth, Ky., March 2.—While rounding a curve within 100 yards of Corinth station Wednesday the Queen and Crescent express struck a cross tie placed across the rails. The engine was overturned and badly damaged. Five coaches were derailed, with only slight injuries to a few of the passengers. The track was torn up for some distance. Engineer Moffett was caught under the engine and sustained three broken ribs and other injuries. He is in a critical condition and will probably die.

SHIP'S CREW SAVED

Passengers and Crew of the Steamer Labrador Landed Safely in the Island of Mull.

London, March 2.—[Special]—All of the passengers and crew of the steamer Labrador, which went ashore at Skerryvore Rock, have been landed on the Island of Mull.

A panic ensued when the vessel struck a rock; but all on board were placed in boats without a single casualty. Agoncillo, a Filipino agent who was one of the passengers, showed the grossest cowardice when the ship struck the rock. He was among the first to get in the life boat.

NEIGHBORS DISAPPEAR

Believed That Lawson Did Not Murder His Wife and Mother-in-Law.

Poseyville, Ind., Mich. 2.—[Special]—There is strong belief that Stephen G. Lawson did not murder his wife and mother in law and then commit suicide, but that the three were killed by neighbors who have disappeared. The neighbors had threatened the family.

DEMISE OF MRS. S. M. TAYLOR

Passed Away This Morning at the Home of Her Son in Oshkosh.

Henry Hemming received the sad intelligence this morning that his sister, Mrs. S. M. Taylor, had passed away at the home of her son, Frank, in Oshkosh, as the result of a complication of diseases.

The deceased was a native of England, coming from that country direct to Janesville, in the year 1849, since which time she has made this city her home, with the exception of the past few months, during which time she has been living with her son at Oshkosh.

The following brothers and sister are left to mourn her loss: Henry Hemming and Mrs. Emily Wilbur, of this city; and Fred Barson, of Santa Cruz, Cal. The remains will reach this city tomorrow afternoon at 12:15 o'clock. The funeral will be held Saturday morning at 9:30 o'clock, at St. Patrick's church, and the remains laid to rest in Mount Olivet cemetery.

Polly Ann Wetmore.

Mrs. Polly Ann Wetmore quietly passed away at 5 o'clock this morning, after an illness of only a few days, resulting from pneumonia and later heart failure.

The funeral services will be held from her late home, No. 57 Oakland avenue, Sunday, March 5, at 1:30 p. m. Interment will be at Emerald Grove.

Norman Denning.

The funeral of little Norman Denning, the seven months-old son of Mr. and Mrs. John Denning, of Milwaukee, was held Wednesday afternoon at the home, Rev. Father Collins officiating. The remains were tenderly laid to rest in Mt. Olivet cemetery.

Mrs. William Crandall.

Mrs. William Crandall, of Six Corners, died Tuesday evening after a brief illness of pneumonia. The funeral will be held at the house on Friday, March 3 at 11 o'clock. Burial at Mount Zion cemetery.

Burmese Superstition About Coins.

The Burmese have a curious idea regarding coins. They prefer those which have female heads on them, believing that coins with male heads on them are not so lucky, and do not make money.

Not to Be Caught That Way.

"Tommy" said the teacher, "how many is the half of eight?" "On top or sideways?" asked Tommy. "What do you mean by on top or sideways?" "Why, half from the top of 8 is 0, and half of it sideways is 3!"

J. F. HUTCHINSON HONORED

Chosen At Old Fellows State Meeting As Marshal.

At Marinette at the session of the Grand Encampment yesterday morning new officers were elected, reports of standing committees were read and adopted and the time of meetings was changed from February to October. Yesterday afternoon the encampment held its concluding session. Reports were read and adopted and the new officers installed. Last evening the members enjoyed a banquet and dance and this morning left for their homes. At the election of officers J. F. Hutchinson, of this city, was chosen marshal.

WERE MARRIED LAST EVENING

Enoch Fixter and Lillian Dunn Are Man and Wife.

Last evening at 7 o'clock at the First M. E. church parsonage the Rev. W. W. Woodside spoke the magic words that united as husband and wife Miss Lillian Dunn and Enoch Fixter.

Bride and groom are both residents of this city and a host of friends extend hearty congratulations.

His Piteous Lament.

Leslie Keith, the Scotch litterateur, who was visiting Ireland in the fifties, saw the most squalid-looking beggar he had ever encountered sitting with his back to the wall. Unlike his compatriots, this man was strangely silent, so Keith asked if he were begging. "Of course it's begging I am," the man replied. "But you do not utter a word," said Keith. "Arrah, is it jokin' yer honour is wid me?" said the beggar. "Look here," and he held up the tattered remnant of what had once been a coat; "don't yez see how the skin is spakin' through the holes in me clothes, and the bones cryin' out through me skin? Look at me sunken cheeks and the famine that's starvin' in me eyes! Man alive, isn't it beggin' I am with a hundred tongues?"

An Empress' Tact.

When a chimney sweep at work in Potsdam castle found himself, through a sudden descent of a chimney, in the private apartments of the German empress, he was greatly embarrassed, and tried to escape the way he had come, but the empress called the little Prince Joachim into the room and persuaded him to give the "black man" a honey cake.

Too Lurid for the Bishop.

The Bishop of Wakefield was traveling late one night third class. His journey was peaceful until half a dozen porters invaded the carriage. Their conversation was argumentative and their language was more than forcible. The bishop, greatly impressed by the avalanche of adjectives, quietly remarked, "Gentlemen, pray let your conversation be a trifle more anaemic."

Naturally.

Hicks—Why is it that Bess, since he has went into the candy business, does not speak to his old friends any more? Jarley—Oh, I guess it is because he has become so stuck up.

BLIND INSTITUTE ORCHESTRA TOUR

LEFT TODAY FOR A VISIT TO
STATE INSTITUTIONS.

During this Long Contemplated Trip the Blind Musicians Will Discourse Sweet Music to All the State Institutions—Visit the Mendota Hospital Today.

The orchestra and Glee club of the State School for Blind started today on a tour of the state institutions. The trip has long been contemplated by the board. The itinerary is: Mendota State hospital today, state industrial school, Waubesa, tomorrow, home March 4, home for dependent children, Sparta, Tuesday, March 7, home for feeble minded, Chippewa Falls, March 8, Northern hospital, Winnebago, Thursday, March 9, state prison, Waupun, Friday, March 10, industrial school for girls, Milwaukee, March 11, and home that evening.

The orchestra is composed of Steward Garthwait, first violin, a good all round musician; Frank La Mire, first violin, a young man of good musical promise; Carl Nelson, second violin, one of the old members of the orchestra; Jerry Scribner, violoncello and piano soloist, a boy of rare talent; Samuel Edgval, cello, master of his instrument; Arthur Edwards, double bass, one of the best youthful players in the state; Leo Lange, flute and piccolo, a musical genius; Ludwig Ness, clarinet, a boy of much musical promise; Alfred Fustel, snare and trap drummer, well up in his work; Robert Baines, first cornet and elocutionist, exceptionally fine; Dan Roberts, second cornet and vocal soloist, full of music; Chester Parish, trombone and piano soloist, not excelled for his age in the state; Walter Geringer, the twelve year old piano accompanist and soloist, a musical prodigy.

This combination is under the leadership and direction of Herbert Adams, a graduate of the school, and a thorough musician and one of the best violinists in the state.

Roy Carter, a vocal soloist of fine ability, and Miss Anna Brant, whose wonderfully sweet and sympathetic voice always charms and audience will accompany the orchestra.

An evening's entertainment will be given at each of the institutions for the pleasure of the inmates.

The development of musical talent at the State School for the Blind is largely due to the faithful and efficient work of Mrs. Jones, who for many years has had entire charge of all instrumental music.

The addition of the pipe organ made it necessary for a division of work, and Mrs. Jones, for the past year, has had the organ and piano department assisted as she has been for many years, by Miss Laura Engleson, one of her old pupils, and an excellent teacher.

The vocal work for the past seven years, has been in charge of Miss Jeanette Beckwith, a director of rare ability, as shown by results. She conducts two choruses each afternoon, and the popular verdict of all visitors is, "How those young people sing."

Every voice that exhibits special talent is given individual training, and the school has some good solo singers.

The tour of the state will be a great experience for the young people, and they will thoroughly enjoy it.

The institution is indebted to the Chicago & Northwestern, the Chicago, Milwaukee & St. Paul and this Wisconsin Central railways for transportation generously furnished in spite of anti-pass legislation.

The Gazette is informed that the railway companies of the state have never refused transportation to the inmates of the State School for Blind. All of them are taken home free at the close of the school year and returned on passes in the fall, a saving of at least \$1,500 a year to the state.

LOCAL FRIENDS PLEASED

Because Statue of Frances Willard May Grace National Capitol

Intimate friends here of the late Frances Willard are much interested in the work that is now going on at Springfield, Ill., in relation to the placing a statue of Miss Willard in the national capitol at Washington.

Lieut. Gov. Northcott, in the absence of Gov. Tanner, has signed the bill authorizing an appropriation of \$9000 for a statue of Frances E. Willard, to be placed in the National Statuary hall at Washington, D. C. The material, bronze or marble, will be determined by five commissioners appointed by the governor. Inasmuch as the federal law says "persons," and not "men," it is claimed that their can be no valid objection to placing the statue in the national hall.

Rock River

Rock River, March 2.—Mrs. Lola Vincent is on the sick list. George Richey spent Saturday in Edgerton. Mable Green is working for Mrs. Frank Rurnham. Wilson's Monarch Oil wagon was on our streets Tuesday. Charley Hudson has taken possession of the Dodd farm. All were highly pleased with the gramophone entertainment at the school house Wednesday evening. Harry Schroeder has rented Fremont Monroe's farm near Otter Creek, and will move soon. Harry Green has rented Mr. Balch's farm for the coming year and took possession last week. Homer Balch has moved on the farm vacated by Mr. Green. Jennie Ross has been at Milton Junction for the past week helping care for Mrs. Grey and granddaughter, Cassie. Mr. and Mrs. Wade Loofbory were in Edgerton, Monday. Several of the young people of this place attended the I. O. G. T. social at Milton Junction, Tuesday evening. Belle Vincent has returned home after a two

weeks' stay at Frank Miles', at Milton Junction. The bible reading Tuesday evening was quite well attended. Mrs. Daisy Schroeder had dental work done in Edgerton, Friday.

TO GIVE TALK ON LIBRARIES

At the Congregational Church Next Sunday Evening.

The library board of the public library of this city, are fortunate indeed. They have been successful in carrying out their plans, and have completed arrangements, whereby Miss Lottie J. Stearns, secretary of the state library commission, will deliver a lecture at the Congregational church next Sunday evening, in which she will bring matters pertaining to public libraries before her hearers. Rev. E. C. Denison having very kindly offered to give up his pulpit for the occasion.

Miss Stearns' long connection with the public library at Milwaukee has rendered her authority on the subject and her address will be of a most interesting nature and handled in a thoroughly competent manner.

Arrangements will undoubtedly be perfected whereby there will be a union of the churches of the city, so that all may reap the benefits to be derived from this interesting subject.

Janesville is blessed with one of the best libraries in the state and by listening to Miss Stearns' talk Sunday evening, it will be appreciated more thoroughly.

CELEBRATED THE EVENT

Daughters of Rebekah Celebrated 27th Anniversary

The Daughters of Rebekah of America Lodge No. 26, of this city, celebrated its twenty-seventh anniversary at East Side Odd Fellows' hall last evening in a manner that was enjoyed by all who participated in the pleasures of the evening. There was quite a large attendance of the Odd Fellows and their families.

The entertainment was very pleasing. The following program, in charge of Miss Ada Brandt, was rendered:

MERRIMENT AND MUSIC IN ORDER

SMALL AUDIENCE GREETED
BEACH & BOWERS.

They Play Mostly to Empty Seats, Therefore the Performance Was Cut Very Short—Evan & Hoey's "A Parlor Match" Tomorrow Night.

Last evening at Myers Grand, Messrs. Beach and Bowers with their minstrel company appeared in a program of exceptional excellence—what there was of it. They played mostly to empty seats and for that reason the program was cut and slashed very materially. The entertainment furnished was "void many of the objectionable features so common with an entertainment of that nature. Merriment followed each act and it was spontaneous and pure. The company numbers, eighteen and each member is an artist. Beach and Bowers in their specialty work were good and it is safe to say the best in their line. Their comicallies were perfectly clean. The juggling and club swinging by Lou Knetzer, was a feature of the evening's entertainment.

Dissatisfaction was freely expressed at the manner in which the program was cut, and the action, on the part of Messrs. Beach & Bowers will do them no good.

EVANS & HOEY'S "PARLOR MATCH."

It's Immense and Will Be Presented Friday Evening.

Evans & Hoey's "A Parlor Match" will be presented at Myers Grand Friday night. The play is a farcical comedy by the popular author, Charles Hoyt. This erratic but brilliant artist has produced some great comedies, the first, to create a furor being "A Parlor Match," which is admitted to out-strip the fame of any farce comedy ever seen on the American stage. Of course author and manager claim it is the best yet. One thing "It is to laugh," and that is the best reason for nonsense. The company this year includes Philip H. Ryle, as "McCooker," Mark Sullivan as "Old Hoss," Edith Hoyt as "Innocent Kidd," James T. Galloway as "Captain Kidd," the Olympia Quartette, Tom Brown, the world's greatest whistler, the famous Kingsley sisters, Etta Butler, Harriet Sheldon, Walter Ware, Emma Marsh, Hattie Vera, and a number of others.

Iron and Wages Are Higher.

Pittsburg, Pa., March 2.—An advance of 50 cents per ton was made Wednesday in steel billets and bessemer pig iron. Billets are quoted at \$23 per ton and bessemer at \$13.50. Under the scale agreement of the Amalgamated association the advance in steel billets will be followed by an increase of 8 per cent in the wages of the skilled workmen. The advance will affect about 15,000 men.

Notices were posted at all the blast furnaces at Sharon and Sharpsville increasing the wages of the employees from 10 to 15 cents a day. Fifteen hundred men will be benefited.

Voluntarily Increase Wages.

Anderson, Ind., March 2.—The American Steel and Wire company, whose largest plant is in Anderson, increased the wages of 1,000 employees in the wire, rod and nail mills here, varying from 5 to 10 per cent. The increase will add many thousands of dollars to the monthly pay rolls of the company.

Statement of Public Debt.

Washington, March 2.—The monthly statement of the public debt shows that at the close of business on Feb. 28, 1899, the debt, less cash in the treasury, was \$1,157,904,391, an increase during the month of \$5,279,641. This increase is accounted for by a corresponding decrease in the cash.

Disarmament Conference.

St. Petersburg, March 2.—The czar has appointed M. de Staal, Russian ambassador to Great Britain, as plenipotentiary to the disarmament conference to be held at The Hague. He will be accompanied by Prof. Martens and other special delegates.

Philippines Demand \$7,000,000.

Madrid, March 2.—Gen. Rios has cabled to the government that the Tagalos refused the \$500,000 offered as a ransom for the Spanish prisoners in the Philippines, demanding \$7,000,000 for their release.

Italian Warships for China.

Rome, March 3.—It is announced that three Italian warships will shortly proceed to China in connection with Italy's demand for a concession at Samun bay.

LEAF TOBACCO MEN PROTEST

Interesting Meeting Was Held In Chicago Yesterday Afternoon.

A prominent local leaf tobacco dealer returning from Chicago last evening reports that leaf tobacco dealers of Chicago met in the Sherman house yesterday and protested against the enforcement of the decision of the revenue officers that leaf tobacco cannot be sold in retail lots. A formal protest was drawn and signed by fifty firms and it is expected that all the "houses" in the city will add their names to the list.

Speakers said the decision favored the American Tobacco company, better known as the cigarette trust which is to freeze out the small dealer. A permanent organization was effected. It is likely that one dealer will purposely violate the law in order to be arrested and get the matter into the courts to make a test case.

LaGrippe's Legacy.

Worn out and exhausted in body and mind, with shattered nerves and a palpitating heart; no desire for food and no ability to digest it; unable to rest or sleep day or night—this is LaGrippe's legacy. Long after the grip germs have been driven out the poisons which they created remain in the blood, the heart, the lungs, the stomach, weakening the nerves and lowering the vitality of the system. There is one way of destroying the seeds of disease and death which are an inheritance from grip. Dr. Miles' Nerve will do it. It gives the shattered nerves a rest and helps them recover their strength. It stimulates the appetite, strengthens the stomach, assists assimilation and fills the blood with the vital elements of life.

"Two years ago, after a severe attack of the grip, I was overcome with nervous prostration, heart trouble and nervous dyspepsia. I was so low that I could not bear to be spoken to, and during the nervous spasms which I frequently suffered, I had no control of any of my organs. Every remedy known to my physicians was tried without success and then my wife brought me a bottle of Dr. Miles' Nerve. After using one bottle I could speak a few words. At the end of three months I could talk quite naturally and now I am completely cured of the trouble."

GEO. A. ANDREWS,

Great Barrington, Wis.

A trial package of Dr. Miles' favorite treatment for La Grippe, consisting of Dr. Miles' Restorative Nerve, Dr. Miles' Anti-Pain Pills and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person sending name and address on a postal card, requesting the samples, and mentioning the name of this paper address

Chicago Live Stock Market.
Chicago, March 1.—Fairly liberal Wednesday receipts were slowly today, many cattle at 10c decline from Monday's values, sheep and lambs about steady, but hogs early at 5c/10c decline from the prices at which the bulk of the good hogs sold early the day before, though the later trade showed a gain of about 5c on morning prices. Cattle trade dragged unpleasantly for most of the offerings, demand for the fair to good steers being very weak and indifferent, though some of the choice steers and handy butcher stock sold quite readily at the prices of the day before. Today's receipts estimated at 15,000 cattle, 35,000 hogs and 15,000 sheep, make 31,407 cattle, 109,976 hogs and 44,820 sheep for the first half this week, against 31,982 cattle, 77,144 hogs and 45,707 sheep for the same period last week, and 32,013 cattle, 91,320 hogs and 64,020 sheep for the same period last year.

Lord Herschel Is Dead.
Washington, March 2.—Lord Herschel, one of the high joint commissioners from Canada, died here at 7 o'clock Wednesday morning.
Lord Herschel fell on a slippery sidewalk and broke one of the pelvic bones several weeks ago, and this accident resulted in his death. He was lord chancellor of Great Britain and was sent to the United States because of his eminent attainments, to take a leading part in the negotiations designed to settle all existing differences between the United States and Canada.

Washington, March 2.—The United States supreme court Wednesday adjourned upon the announcement of the death of Lord Herschel.
More Trouble in Samoa.
Sydney, N. S. W., March 2.—Advices received here from Apia, under date of Feb. 17, say that affairs there are still unsatisfactory. The provisional government, it appears, is interfering with native and British subjects, and also with the servants of British subjects, and is taxing the Malietoa people \$2 and the Matania people \$1 each. Dr. Raffel, the German, president of the municipal council at Apia, at the instigation of the British consul, has apologized for boycotting the British third-class cruiser Porpoise, and for insulting the chief justice and Malietoa's lawyer while they were guests on board the Porpoise.

Ministry of Spain Resigns.
Madrid, March 2.—Premier Sagasta has handed the resignation of the ministry to the queen regent. The resignation of the cabinet is due to the senate voting to reject the amendments to the bill ceding the Philippine islands to the United States, as set forth in the measure prepared by the government. It was rumored after the vote was taken that Sagasta had offered his resignation.

Increase in Bank Deposits.
Washington, March 2.—The individual deposits of the national banks of Illinois outside of Chicago have increased about \$4,000,000 since Dec. 1, and have reached the sum of \$59,516,628. The lawful money in reserve in banks aggregates \$5,654,688, and the average reserve held was 35.24 per cent.

Bargain seekers should not fail to visit the dining rooms of The Mrs. Clark Co., 151 153 Wabash Ave., Chicago, which is the very center of the shopping district. This restaurant has the finest cuisine and service in the city and the prices are moderate.

The restaurant on the 7th floor of the Association building in La Salle street is also run by this company and is equally inviting and attractive.

AGAIN FOR GRANT.

Michigan Republicans Renominate Supreme Justice.
Jackson, Mich., March 2.—On the fifth ballot the republican state judicial convention, held here Wednesday, renominated Claudius E. Grant for justice of the Supreme court. He received 427 votes, ten more than necessary to a choice. For regents of the state university, Col. H. S. Dean of Ann Arbor and Col. Eli R. Sutton of Detroit were nominated by acclamation.

The committee on resolutions had a long and heated contest over a proposition to reaffirm that clause in the state platform of 1898 which declared in favor of the passage of the Pingree-Atkinson bill for the taxation of railroad, express and telegraph property. A motion to reaffirm the entire '98 platform was defeated by a vote of 6 to 5, and then, as a compromise, it was recommended "that the present legislature pass some act that shall embody the principle of equal taxation to which our party is already committed."

After expressing confidence in President McKinley, the platform "reaffirms the principles of the St. Louis platform and pledges their support as a sure guarantee of national prosperity and honor. We stand upon the existing gold standard, and condemn the proposition to admit silver to free and unlimited coinage at the ratio of 16 to 1."

The prohibition judicial convention also met here Wednesday. The platform adopted favors woman suffrage and the adoption of the initiative and referendum. Frank B. Clark of Detroit was nominated for justice of the Supreme court and F. S. Goodrich of Albion and Noah W. Cheever of Ann Arbor were named for regents of the university.

ILLINOIS LEGISLATURE.

No Measures Are Passed, but Ninety-Six Bills Are Introduced.
Springfield, Ill., March 2.—Following is the gist of the routine doings in the legislature Wednesday:

The senate advanced the house Allen law repeal bill to third reading and made it a special order for passage today. Amended Hunt bill prohibiting camping on public highways by making it apply only to persons who camp longer than twelve hours in one township, and sent it to third reading. Took same action on Busse bill allowing two through trains to pass through county seat each day, after adopting amendment applying it only to county seats where at least three trains going in each direction stop every day. Killed Leeper bill permitting formation of districts where neat cattle may run at large. Sent to third reading Payne bill permitting Illinois and Michigan canal commissions to dispose of canal lands and make contracts for water power, after providing that it shall not affect provisions of sanitary district law. Also sent to third reading May bill to allow military organizations to parade with arms, and Hunt bill allowing loan of school funds at legal rate of interest.

The house sent to committee on contingent expenses resolution by Mr. Johnson of Cook providing for a house committee of five to investigate operations of alleged ice trust in Chicago. Advanced to third reading senate bill providing for appointment of peace justices in territory recently annexed to Chicago.

Seventy bills were introduced in the house and twenty-six in the senate.

Limits Amount of Bounties.
Washington, March 2.—Senator Frye, from the committee on commerce, has reported additional amendments to the Hanna-Payne shipping bill. They place additional restrictions upon the measure and are intended to meet the criticisms that have been made upon it. A provision was inserted limiting the aggregate bounties to \$9,000,000 annually. The bounty to be paid to foreign-built vessels is also reduced to 50 per cent under the new addition to the bill.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute" will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. In sist vigorously upon having it if "something else" is offered you. The People's Drug Co.

TO FIX A MINING SCALE.

Joint Conference of Miners and Operators in Springfield.

Springfield, Ill., March 2.—The joint conference of coal operators and coal miners to adopt a mining scale for the next year was entered upon Wednesday. An organization was perfected and a scale committee appointed, composed of twenty-one members from each side. The miners then announced that as their scale committee had not yet completed its labors they had nothing to report to the conference as a basis to work on, and asked for an adjournment until to-day, which was taken.

The miners have about 250 representatives present, and the operators eighty six, and while all are entitled to take part in the deliberations of the gathering, each side will select an equal number of representatives to do its voting.

The sentiment of the operators, however, seems to be that rather than have another strike precipitated they will agree to pay the scale in force now. The miners, however, want to change that in some particulars. They claim they never secured the full state scale in the northern field, and they seem disposed to claim it now.

Hammond Harbor Bill Killed.
Indianapolis, Ind., March 2.—The senate Wednesday indefinitely postponed the bill passed by the house to enable the city of Hammond to build a harbor in Wolf Lake. Only ten senators voted for the bill. The defeat of the bill was a great disappointment to Representative Knotts of Hammond and the members of the Harbor Improvement association, who have been here since the opening of the session lobbying to get the bill through. Two years ago the bill passed both houses and was vetoed by the governor.

To Form Municipal Leagues.
Peoria, Ill., March 2.—The first steps toward forming a league of Illinois municipalities were taken here Wednesday in a convention called by the national officers upon the suggestion of the executives of the smaller Illinois cities. It is the intention to establish a league in each state, working in harmony with the national organization. It is held that much of the waste of public funds is due to a lack of knowledge in municipal affairs, and these leagues are calculated to remedy this error.

Used No Beef Preservative.
Washington, March 2.—At the court of inquiry into the beef charges Wednesday the meat packers' representatives gave practically the same testimony they had previously presented to the war investigating commission. Arthur Meeker, general manager for Armour & Co., absolutely denied that any preservative was used. General Superintendent Wild of Swift & Co. testified to practically the same thing.

German Officials Pleased.
Washington, March 2.—The officials of the German embassy express the utmost satisfaction over the solution of the Philippine complication. The officials of the embassy have not yet been advised whether Germany has asked protection for the citizens of Portugal, Austria and Switzerland. The German consul at Manila has looked after the affairs of these countries for some years past.

Basis Convention Expires.
Madison, Wis., March 2.—The joint committee on privileges and elections, of which "Long" Jones is chairman, Wednesday decided to introduce two committee bills which will rank among the most important measures of the session. One abolishes proxies at political conventions, the other requires a viva-voce vote in legislative caucus to nominate United States senators.

February Treasury Deficit.
Washington, March 2.—The comparative statement of the government receipts and expenditures shows that for the month of February the receipts aggregated \$37,179,332, a gain as compared with February, 1898, of about \$9,500,000. The expenditures for the month were \$43,918,929, leaving a deficit for February of about \$6,000,000.

Taylor Not to Leave Vassar.
Providence, R. I., March 2.—Rev. James Monroe Taylor, president of Vassar college, has declined the presidency of Brown university, recently tendered him.

DRINK GRAIN-O
after you have considered that you ought not to drink coffee. It is not a medicine, but doctors order it, because it is healthful, invigorating and appetizing. CONGRESSMAN COOPER'S WORK.

Janesville people must give Congressman Cooper the credit for getting us a public building. The congressman has been pounding away at this matter for several years, and defeats in the past have only served to inspire him with the hope of future success. He has stuck to Janesville's claim through thick and thin, and in no project in which he has enlisted himself, has he shown more generalship, or controlled more influence. He was the originator of the bill, and was arguing in its behalf when both United States senators were of the opposite political faith.

In the senate, John O. Spooner took the bill in hand, and Senator Mitchell gave him efficient aid, but as it was a "house bill," Congressman Cooper had to get a favorable report; and the affirmative vote of the lower house—which gave the measure great prestige—before the senators could take it up.

The passage of the bill is the culmination of the patient work of Congressman Cooper, and Janesville people are, of course, deeply grateful to him.

James G. Monahan, of Darlington, took possession of the internal revenue collector's office yesterday succeeding M. F. Blumenfeld, of Watertown, Wis., who has held the office nearly five and a half years, under appointment of President Cleveland. Both the old and new collectors are editors of newspapers. Mr. Monahan owns The Darlington Republican and is one of the best known republicans in Wisconsin. His appointment was satisfactory to the whole people, and insures the faithful and efficient discharge of the duties of the office.

The La Crosse Chronicle recently got out an excellent commercial edition, setting forth the advantages of the city. La Crosse is a goodly town, and deserves booming, while The Chronicle is a goodly paper and knows how to boom the city. Therefore, the combination will be found to be a strong one.

Americans have just begun to find out the true state of governmental affairs at Havana. Within the past few days enormous frauds have been found in the water distribution, fully one-fifth of the householders having been stealing the supply from the city in connivance of the officials under Spanish rule.

Six corporations and one individual pay more taxes than the Peter Myers estate—the valuation of which is about \$39,000—while the other 1200 tax payers pay less taxes. In view of these facts it would seem that taxing the opera house by license was pretty small business.

Russia has been making progress in the past few years. The government has now taken up the idea of using the army as a means of education. All conscripts are to be taught reading and writing during their six years' service, and where it is necessary will be trained for trades as well.

The Joint Committee on State Affairs has decided to report in favor of adopting Governor Scofield's recommendation and abolish the state land office. This department has been practically useless and the decision to shut off its maintenance has been wisely made.

The annual taxes of the Myers estate amount to about \$500. In view of this fact, it would appear that the estate had some rights, and that the city got full value without licensing the opera house.

Supposing, to turn back a few days, that the hydrant nearest your house was frozen; would you not "sleep better if you knew the city had a chemical engine ready for instant service?"

But, perhaps, like Bill Nye's landlord, the city "needs the money" to maintain the steam roller!

Few cities in Wisconsin have as good an opera house as the Myers Grand, and many cities would gladly pay a bonus

for its equal—and not charge for a license, either.

Mr. Quarles' filed statement shows that it cost him \$4,230 to be elected to the United States senate, including \$1,000 to the Republican State Central committee for last year's campaign fund.

The anti-pass sentiment is not as strong in the east as it is in the west. The New Hampshire legislature has refused to pass a bill to abolish free passes on railroads.

Up to this hour (3 p. m.) no action had been begun by the city against the management of any place where "amusement enterprises for money" are given.

Congressman Cooper knew just what was necessary to "head up" and "hoop down" that postoffice bill, because, as his name would indicate, he is a "staver" to work.

Jesse James, Jr., was acquitted of the charge of train robbery at Kansas City. But for his name he would probably never have been arrested.

The title is only "Mayor and Majority of The Common Council" now.

And the people are "with the minority."

AN EDUCATED SMALL DOG.

Fond of Coffee and Chocolates and Takes Whisky When Ill.

Dandy is a very small, plump little canine, who resides uptown, and who will go down into history as an animal with very human tastes, says the New York Times. He is fond of chocolates, takes coffee every morning and has been known to take whisky. That, however, is not intended to imply that Dandy is given to tipping or looks with pleasure upon the wine when it is red upon ordinary occasions. Perish the thought! Dandy's excellent complexion, bright eyes and general activity and interest in the world at large would give the lie to such a thought.

Dandy is a tiny black-and-tan terrier of the variety usually known as the "toy dog." He resides with a member of an old New York family, Miss Griffin, on Twelfth street, when he is not traveling with his mistress and he has never been known to take whisky but once in the five years of his life. That was the only time in his existence that he was ever ill. He had taken dinner with fresh pork as the piece de resistance, and it did not agree with him. He gave evidence of having a very human pain in his small interior and his mistress gave him the only thing she knew that might relieve him—a little whisky. "He seemed to like it," said Miss Griffin, "and it really did him good. I had one dog die in the train when I was coming from San Francisco. He was twelve years old and the doctor said the motion of the train affected his heart. I think, though, I might have saved him if I had had a little whisky."

Miss Griffin is noted for her pets. She is one of the last of her family, has always been fond of pets, and has come now to consider them better companions than human beings. She has a nice little terra-cotta colored German squirrel, chipmunks, gold fish, and turtles, as well as little Dandy, her favorite pet. For a Christmas present Dandy had a big basket, like a covered market basket, with red flannel for a mattress, which serves him at present for a bed, and later will be his traveling carriage. Dandy has been quite a traveler, but he has not covered as much territory as his mistress, who has traveled all over this part of the world and through a great part of Europe. In 1900 she expects to go abroad again to cover the part of the continent she has not seen yet, and Dandy, in his basket, will go along. He is a comfortable traveling companion, and no objections are ever made to his presence on train or boat, owing his mistress thinks, to his being such a little fellow. His greatest misfortune, and that of his mistress as well, is in being stolen and then brought back when a sufficient reward is offered. Dandy takes his meals very much as his mistress takes hers. In the morning she has oatmeal and milk and so has Dandy, and as she has coffee, Dandy also has a little coffee poured into his milk. For dinner at noon he has meat, and at night he takes milk again. Chocolates he takes at all times of the day, and they do not hurt him at all, his mistress says. He takes a chocolate wafer at one swallow, as he would a pill, and a big square chocolate he disposes of with a bite or two. Miss Griffin was born on Beach street, in New York. Her father was Charles Alexander Griffin, a lawyer, and her grandfather, George Griffin, was a prominent member of the New York bar.

A Doctor's Strange Fees.

A correspondent has sent us an extract from a letter received from his brother, a medical missionary in Szechuan, one of the inland provinces of China. "I had," he writes, "a very distinguished patient this afternoon. She is the wife of Sao-tai of Tientsin, in Chih-li province, a man who governs an area probably equal to half a dozen English counties. She brought her fee with her—a fowl, a duck, sixty eggs, two pounds of cakes and a leg of mutton! Last time she came she brought not quite so much, but since then she has sent over eight stocks of beautiful chrysanthemums."—British Medical Journal.

ELECTION BETS IN NEW YORK.

Roosevelt's Success Causes Vast Sums to Change Hands.

From the New York Sun: It was roughly estimated that more than a million dollars in bets, ranging from \$500 to \$20,000, changed hands in this city as the result of the election, and a bookmaker asserted that the aggregate of the small wagers would largely increase this total above the record of betting in any previous state election. The scenes in the Fifth Avenue hotel and in the Hoffman house on the two or three nights just preceding election were extraordinary. A man who makes his living by betting figured out a clear profit of \$600 for himself by taking advantage of the odds and hedging, so that it did not affect his winnings whichever way the election went. This was his way of following the change of odds: He bet \$700 to \$1,000 on Van Wyck, \$800 to \$1,000 on Van Wyck, and finally \$900 to \$1,000 on Van Wyck. At these odds he had put up \$2,400 to win \$3,000 if Van Wyck was elected. The odds changed so that he was able to make one bet of \$700 to \$1,000 on Roosevelt, another at \$800 to \$1,000 and a third at \$900 to \$1,000, representing again a total of \$2,400 to \$3,000 on Roosevelt. Thus his bets were so balanced that he was bound to win \$3,000 on the victorious candidate and lose only \$2,400 on the defeated candidate. The betting was at varying odds in different parts of the city, and on one occasion when the Hoffman house crowd was willing to back Van Wyck at only even terms a Wall street firm which handled a large amount of democratic money was offering odds of 10 to 8 on him, and so it went, seesawing back and forth up to 10 o'clock of election night. Although there were unusual opportunities for the professional betters, to hedge at odds from either side and thus make a sure thing on the result, it was noticeable that few of them took advantage of them. There were sure tips on both sides and they were backed boldly by the men who had money to wager. The damage done to the Hoffman house cafe by the eager crowd which filled it one night, climbing up on the tables and breaking glassware, must have been considerable, and it was a sight never to be forgotten by those who were present.

Tigers Wash Like Cats.

Cats make the most careful toilet of any class of animals. The lion and the tiger wash themselves in exactly the same manner as the cat, wetting the dark, India-rubber-like ball of the forefoot and inner toe, and passing it over the face and behind the ears. The foot is thus at the same time a face sponge and brush, and the rough tongue combs the rest of the body.

Our Wickedest States.

In the statistics of crime in the United States, Arizona stands first, Nevada second, and Massachusetts third.

Long-Necked Princes.

The Grand Duke Nicholas, who has been the sultan's guest, is said to have the longest neck of any prince in Europe. It is almost of giraffe dimensions. His cousin, the Grand Duke Constantine, comes next, and then the king of the Hellenes. It is pointed out that the long-necked hardly ever die of apoplexy, and that they are not liable to violent anger.

OFFICIALS NOT ALARMED.

Crisis in Spain Will Not Affect Peace Treaty.

CORTES NEED NOT RATIFY.

The Treaty Signed at Paris Made Special Provisions for Just Such an Emergency—Philippines Will Be Held in Any Event.

Washington, March 2.—The situation in the Spanish cortes leading up to the resignation of the Sagasta ministry and threatening the life of the peace treaty, is said by officials here to be the direct result of bad management on the part of the sponsors for the treaty. It is said that there was no requirement, either domestic or included in the treaty itself, for the submission of the convention to the cortes for ratification. On the contrary, the text of the treaty says that it should be ratified by the queen regent.

It is further said that this very point was discussed by the peace commissioners at Paris, the Spanish commissioners desiring to require the ratification of the cortes, but finally taking the other course, perhaps with a view to avoiding the very trouble which has overcome Sagasta.

Leaving aside the desire of the American people to be regular and correct in all attitudes, it is a question whether the government would not actually profit by the loss of the treaty, provided this loss could be charged to the action of the Spanish government, as would be the case if the cortes refused to ratify it.

The United States, it can be stated on the highest authority, would refuse to surrender the Philippines, and, on the other hand, would be relieved from the treaty obligation to pay the Spanish government \$20,000,000 on account of the cession of the islands. Cuba would retain her present status, and all that would be lacking would be a recognition by the Spanish government of the legality of that status.

That lack would not be of serious moment, judging from the fact that the Spanish-American republics managed to get along without trouble for a quarter of a century after the revolutionists therein had driven the last of the Spanish troops out of the country, without the formal admission by Spain that they had achieved their independence.

However, the officials here do not believe that the Spaniards will go to the extreme of defeating the treaty, and probably the worst that can happen will be a delay in the exchange of ratifications.

Start New Political Party.
Cincinnati, O., March 2.—A new political party, to be called the union reform party, is to be organized here and will seek to amalgamate the silver republicans, the populists, the social labor party, the liberty party and all the other minor parties except the prohibitionists. Seventeen states were represented in the conference Wednesday. The following temporary organization was adopted: Chairman, A. G. Michelberger, Baltimore; secretary, G. H. Lockwood, Vincennes, Ind.; assistant secretary, George B. Shire, Albany, N. Y.

Dominion Liner Wrecked.
Montreal, Que., March 2.—The royal mail steamer Labrador of the Dominion line, which sailed from Halifax on Feb. 21 with mails and twenty-one first-class, nineteen second-class, and twenty-four steerage passengers, was wrecked on Skerry Vore rock, a dangerous ledge just off the western coast of Scotland, and twelve miles south-east of Tiree Island. The passengers and crew are reported to have been taken off in safety.

Choate Arrives in England.
Southampton, March 2.—Mr. Joseph Choate, the new ambassador of the United States, arrived here Wednesday and was cordially welcomed by the local authorities. In response to addresses from the mayor and corporation and the chamber of commerce, the ambassador made a brief speech, and then proceeded by special train to London.

Logan Returns from Cuba.
Washington, March 2.—The condition of Mrs. John A. Logan is much improved and her recovery is now confidently expected. Maj. John A. Logan, Jr., Mrs. Logan's son, who is serving in Cuba on the staff of Gen. Bates, has arrived here.

Doubles the Speed of Ships.
Rome, March 2.—Sig. Cordosa, a distinguished Italian inventor, announces he has invented a screw propeller which will double the speed of ships at half the present coal consumption.

Robbed the Mails of \$20,000.
Cincinnati, Ohio, March 2.—The Covington (Ky.) postoffice was robbed of stamps and money Tuesday night, reported to amount to \$20,000. The work was evidently done by professionals. Postmaster O. A. Reynolds declines to say how much the loss amounts to.

Triple Tragedy in Indiana.
Evansville, Ind., March 2.—A triple tragedy was enacted in Posey county Wednesday, Stephen Glawser slaying his wife and mother-in-law, Elizabeth Kinchloe, after which he killed himself. Glawser often quarreled with his wife over religion. They were married a year ago.

THE GRIP AND SULPHUR.

In my daily papers I find that there are supposed to be something like 100,000 cases of grip in New York city and that it is also prevailing largely in Washington, Philadelphia and other cities, and is now threatening Boston. It is a fact that when it was prevailing as an epidemic largely in our city a few years ago, ascertained, by inquiry of my officers at Byam's match factory that of the forty-three persons employed there not one had been troubled by it.

I have at various times told the press how many at Memphis, Tenn. (including the agents of the Howard Benevolent Association), escaped the terrible epidemic of yellow fever there (as they claimed) by wearing powdered sulphur in their shoes—also the evidence of a distinguished German medical writer, translated into English, that wearing sulphur in this way has proved a complete protection against cholera and other epidemic diseases; also that those working the sulphur mines of Italy escape the malaria which prevails all about them; also that sulphur in the shoes has cured various cases of rheumatism; also that sulphur taken internally or worn in the shoes has sufficient power to pass through the body, the clothing and the pocketbook, blackening the silver there.

I find in the London Lancet that no less authority than the president of the Institute of Civil Engineers of London declares that the sulphurous vapor produced by the combustion of coal in that city kills the disease germs in the atmosphere. It seems to me a duty, at this time, to again suggest as widely as possible that sulphur is very cheap, and whether it destroys or keeps out germs of disease from the body or only acts upon the imagination it cannot do much harm to try it.

In the Scott County (Miss.) Register of June 15 last will be found an account of how the agents of the Howard Benevolent Association, at Memphis, escaped yellow fever by wearing sulphur in their shoes. Half a teaspoonful of powdered sulphur in each shoe or stocking is considered to be sufficient.

I did my best last spring to put these facts (for the protection of our soldiers) before our army and navy officials at Washington. I do not know whether anything was done about the matter by our medical officers there, but I have received letters from army officers and men that with sulphur in the shoes they had no fevers and also found the sulphur a complete protection against fleas. On Dec. 22 I received a letter from Capt. Julius A. Palmer the following:

"By the way, in view of your frequent recommendations of common sulphur, it came to my notice recently that on California ranches where walnuts are prepared for the market the shells are bleached by the use of kerosene fumes, and that the men having charge of that work are never touched by the grip, influenza or other epidemics which attack their fellow-laborers on the same estates."

Will Repeal Allen Bill Today.

Springfield, Ill., March 2.—The senate will to-day put the finishing touches to a bill which will lead to the repeal of the Allen law and the re-enactment with an extension of motive power to cable, electricity or such other power as may be approved by the proper municipal authorities. Yesterday the bill was advanced to third reading, and the consideration of the proposition was made a special order for this morning.

Three Killed in Collision.

Ogden, Utah, March 2.—An engineer and two firemen were killed in a collision on the Central Pacific railroad near Hot Springs, Nev., Tuesday night. Misunderstanding orders, the engineer of a helper backed his engine down the hill, running into the passenger train a mile east of Hot Springs station. The dead are Fireman Hendershot, Engineer Yeargin and Fireman Dillard. Engineer Schreiber was badly injured.

Colored Miners Leave Pana.

Pana, Ill., March 2.—The agent sent here by the coal operators of Hartshorn, Indian territory, to solicit the service of the colored miners, succeeded in engaging a company of forty-six, about one-fourth of which were women and children. These were furnished with free transportation via the Big Four, which carried them and their household effects out of Pana.

War Vessels Reach Havana.

Havana, March 2.—The United States armored cruiser New York, flagship of the North Atlantic squadron, Rear Admiral Sampson commanding, and the United States battleship Indiana have arrived here. The admiral's flag was saluted in the customary manner. The two warships left Bermuda Feb. 24 for this port.

James Cook Conkling Dies.

Springfield, Ill., March 2.—James Cook Conkling, one of the leading attorneys of Illinois and a lifelong friend and political associate of Abraham Lincoln, died last night of old age. Mr. Conkling helped organize the republican party in Illinois at Bloomington in 1856.

Will Settle a Boundary Dispute.

Santiago de Chile, March 2.—There are rumors of a direct arrangement being arrived at in the boundary dispute between Chile and Argentina, public opinion to the contrary.

PISO'S CURE

Piso's Cure for Consumption is a priceless medicine for Coughs. I have within the past few weeks discovered another point in its favor, and that is: it is a SURE CURE for LA GRIPPE, if taken when the first symptoms are noticed.—W. A. HILLELMAN, No. 43 Bushnell Building, Springfield, O., Jan. 11, 1899.
